PROJECTS

- **Front-end project (OnlyFarmers)**

1. Direct Farmer–Buyer Marketplace: A frontend platform that connects consumers directly with local farmers, removing middlemen and ensuring transparent pricing. Users can browse fresh produce, compare options, and purchase at the best possible farm-gate rates.
2. User-Friendly Shopping Experience: The system includes clear product listings, a simple and intuitive cart-and-checkout flow, and a fully mobile-responsive interface. This ensures seamless access for buyers on any device and supports smooth, hassle-free transactions.

- **Portfolio Website**

1. Developed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase projects and skills with a clean, user-friendly UI.
2. Implemented interactive components and optimized layout for mobile and desktop, improving portability and performance.

ACADEMIC HISTORY

Malnad College of Engineering | 2023-2027

Computer Science and Engineering

- CGPA: 9

Masters PU College | 2021-2023

PCMB

- Percentage : 73.5%

SKILLS

- **Html, CSS**
- **C, Python, JavaScript**
- **Photoshop, Blender, AfterEffects**
- **Excel, PowerBI**
- **Figma, Flask, BitBucket**
